

# 975 is versatile and connected

The 975 ensures audio clarity of teachers, students and multimedia in any instructional space in the school.

It also works with your existing life-safety solutions to ensure building-wide communications are never missed...and can trigger alert notifications directly from the teacher's microphone.

Combined with Flexmike and speakers, 975 delivers the teacher's voice clearly throughout the classroom.

- Integrates with multimedia
- Simple controls, compact
- Add a second microphone for student sharing

## Instructional audio creates better access to learning...

When students hear every word, valuable teaching time is more productive and effective for all
